**FUEL ADJUSTMENT FACTOR (FAF)**

*Napier Port Fuel Adjustment Factor (FAF) is levied to marine and container terminal service charges.*

*The marine FAF is charged per vessel port call covering arrival and departure, to recover diesel costs for tugs and the pilot boat launch.*

*The container terminal FAF is charged per TEU, to recover diesel costs for cranes, top lifters, generators and other diesel usage on port.*

*The FAF charges are updated monthly, based on actual monthly fuel price movements.*

*Current FAF charges can be found on the Napier Port website [www.napierport.co.nz/customer-portal/fees-and-charges/faf/](http://www.napierport.co.nz/customer-portal/fees-and-charges/faf/)*
